

LPACC Hall of Success

Emily Schwingle

Class of: 2003

ACC Program:
CAD Drafting

Occupation

Mechanical Engineer

Home School

LaSalle—Peru

What I Learned at The ACC

Manual Drafting. One month into my freshman year at college I interviewed for an internship at Caterpillar. My interview test was to draft, by hand, a front/side/back view of a machined part placed in front of me. I got the job!

My Advice to The ACC

Be willing to learn and take on tasks that no one else wants to do..
