

# LPACC Hall of Success

Richard Pellican
Class of: 2019
ACC Program: Auto

Occupation
Home School

Mechanic
La Salle-Peru

## What I Learned at The ACC

It helped me decide what career I wanted to go for and made me understand the automotive area better and helped me get a head start.

## My Advice to The ACC

That you should use your time in the ACC wisely because it can help you and can also even get you a job. I got my current job from being in Automotive and I have been working at Kotecki's ever since.
