

# LPACC Hall of Success

	Richard Gass
	Class of: 1994
	ACC Program: Multi Shop(Electricity, Woods, Drafting, Grphics, Electronics)
Occupation	Engineering Manager
Home School	La Salle-Peru

## What I Learned at The ACC

The skills that I learned from the ACC have given me a solid foundation in most of the trades and I believe have shaped the way that I tackle problems. The multi-shop class that I took when I was a freshman was the most important class I have ever had and I truly believe that every student should go through something similar. Far to often I see people without these basic skills and I am grateful that I had the opportunity to be a part of this program.

## My Advice to The ACC

Take as many of these classes as you can and learn as much as possible. The skills you learn here are foundational and will be used for the rest of your life
